TO WEIGHTS AND MEASURES OFFICIALS

Subject: Written Notice of Device Repairs

Recently, the California Agricultural Commissioners and Sealers Association, Specifications and Tolerances Committee, and the Service Agency Advisory Committee each reviewed and discussed notification requirements by service agencies in cases where no metrological adjustments have been made to a commercial weighing or measuring system or device.

After considering the discussions and reviewing the legal requirements, the Division continues to interpret Section 12531(f) to include all service and maintenance work done by Service Agents on commercial systems for compensation. Reporting requirements are applicable.

If you have any questions, please contact Ken Lake, Program Supervisor, at (916) 229-3047 or via e-mail klake@cdfa.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Cleary'.
